

EASTERN COMPUTER EXCHANGE, INC. HONORED AS RECIPIENT OF 2015 EMC PARTNER SERVICES QUALITY AWARD

Milford, CT—May, 2016— Eastern Computer Exchange, Inc., a Global Enterprise Solution Provider, today announced it has received the 2015 EMC Partner Services Quality Award from [EMC Corporation](#) for achieving outstanding service excellence and customer satisfaction as measured by the EMC Partner Services Quality (PSQ) program.

The EMC PSQ program is a project-specific survey program designed for partners with Service Partner designations to solicit customer feedback regarding the quality of the partner's service engagements.

The award was presented on 2nd of May 2016 to Eastern Computer Exchange at the 2016 EMC® World Global Partner Summit. This marks the seventh year Eastern Computer Exchange has received the exclusive recognition.

“Eastern, as a member of an elite group of EMC Platinum Partners worldwide, delivers a broad understanding of all EMC solutions and provides expert certified resources to drive successful implementations for our customers. Eastern is extremely proud of winning the 2015 EMC Partner Services Quality Award for the 7th year in a row. As an EMC Platinum Partner Eastern excels at being our customers' trusted technical experts on all EMC lead implementations” said John Kromme Senior Vice President of IT Solution. A recent comment from a customer where they stated that “**Eastern always has their customers back and is always there working side by side to resolve any and all issues. They are a true trusted partner**”.

“Eastern Computer Exchange has raised the industry standard for services to a new level. In conjunction with EMC's world-class technology innovations Eastern Computer has provided unparalleled services to our customers,” said Richard Steeves, Director, Global Services Partner Programs for EMC Corporation. “This has been an exceptional year for Eastern Computer as it continues to provide best-in-class services to help customers unleash the power of the modern datacenter - we look forward to our continued partnership.”

EMC Services Partners are trained and authorized by EMC to sell and deliver a comprehensive portfolio of services ranging from technology implementation to technical support. These partners provide value-added services to address the most crucial aspects of a customer's information technology infrastructure.
